

1st August 2011 Newsletter

Hello Everyone,

Another month is over and the kids are back to school, so time to get your thinking caps on for Targa NZ in October. Just to get you in the mood, check out the details below.

Targa Bambina/ Rotorua Television Documentary

The documentary is on this *Sunday 7th August on TV3*, so set your alarms and book the lounge. Oh and just in case you miss it over the weekend it will also be on SKY SPORT *Wednesday 10th August on Fujitsu Motorsport Red Pass*, check the TV guide for details as they do tend to move about. This is a one hour show covering Targa Bambina around the Coromandel held in March and Targa Rotorua recently held in June, so there is plenty of action to get the juices flowing. If this doesn't inspire you to get your cars ready then here is some more information about this year's Main Event.

Targa NZ

We have had a lot of contact recently with all the changes regarding the tyres and it now seems we have worked through all the concerns, so let's start looking ahead to the next few months as we close in on the 17th running of Targa NZ, now just under three months away.

The current entry fees are still valid until the 15th August, so what are you waiting for!. There are definite signs that the economy is on the move and according to the Banks, there has been an increase in EFTPOS transactions and profits returning to the bottom line across a range of industries, so no excuses. Remember we are gathering up in the Viaduct Basin starting at 3pm on Monday 24th, the day after the Rugby World Cup final, then heading north to Whangarei on day one before returning to Auckland and then onto Taupo, Palmerston North & finishing in Havelock North. The local community and businesses are really looking forward to our return to the Hawkes Bay as it has been four years since we were last in their back yard. We also have a number of new initiatives along the way that we are sure you will enjoy while still keeping you on your toes.

BMW E36 Lease Cars

If you haven't got your car ready, we only have one BMW E36 still available, so if you want more information and pricing options for Targa, then please call me at the office on 09 2988322 or email peter@targa.co.nz. All three are available for the upcoming endurance series and pricing options are listed below along with some information about a couple of open days to shake down your vehicles.

VIP 12 Hour at Hampton Downs

Tony Quinn and his team at VIP Petfoods are looking forward to getting this event off the ground and there are quite a number of options to compete in, such as the 3 hours, 6 hour and the 12 hours. All of these are on at the same time so if you are not able to do the full 12 hours then get into one of the other options. Dave Taylor and his team at Motorsport Services Limited are putting on a couple of test days so here are all the details:
