

11 June 2009 Newsletter

One day to go!!! Well done for making it this far and we look forward to seeing you all in Rotorua.

Just a quick note, if you require anything from the office please contact us today as we will all be on the road tomorrow morning and the office will only be manned from 2.00pm tomorrow afternoon. We will then not be back on deck full time until Wednesday.

Please check your competitor information pack for your check list and make sure you have everything ticked off.

Drivers briefing will be posted on the website today for you to review prior to the official briefing tomorrow at 6.30pm in the Novotel. Remember that the event starts from documentation at 3.00pm so please adhere to the no alcohol policy until after the drivers briefing is finished.

The final entry and seeding list is also online, we will be starting you at 30 second intervals and your start times will be posted on the notice board in the Novotel foyer.

We have arranged for the Targa Rotorua programme on a double page spread in Friday's edition of the Rotorua Daily Post, this includes entry list and maps. A copy of the paper will be provided in your drivers pack at documentation along with some special discount offers from the local restaurants and bars. Please make sure you pass on the vouchers to your service crews as well.

As mentioned in previous newsletters we have introduced wrist bands for both crew members. These must be worn at all times and are a requirement to allow access into the special stages. We will explain in more detail at the driver briefing. There is another benefit of wearing wrist bands, participating local restaurants are aware of them and will be giving you special deals.

Thanks for supporting Targa Rotorua  
Peter and the Targa Team.
