V8 Supercars- Hamilton ITM 400

Congratulations Shane Van Gisbergen on his fabulous win at the ITM 400 in Hamilton over the weekend, another Kiwi Motorsport Legend is born. After the frustrations of Saturday it was great to see the whole team rise above the disappointments of what might have been and just get on with the business. The trade mark burn-outs, that we have seen Shane perform in the last two Dunlop Targa events, were also on show as he celebrated in the cool down lap to the adoring crowd happy to see a Kiwi win regardless of who they supported, Ford or Holden. It just goes to show that when the Aussies come to town we all unite in us verses them.

That's all for now
