

15TH ANNIVERSARY TARGA - DAY TWO

- Raining in Taupo this morning but it cleared as they headed west.
- Tuesday consisted of 8 Special Stages from Taupo across to Te Kuiti and then down to New Plymouth.
- The first two stages were south/west of Piopio.
- In the Moderns the Kirk-Burnnand family battle continued. There is Barry and son Carl in their 1989 BMW M3 (Barry is the driver) and in the 1987 BMW M3 is Barry's brother Chris who is co-driver for his son Marks. Barry won SS9 by 3 seconds and then Mark won SS10 by 3. That is quite staggering that over 2 stages of approx 40 klms total they have identical times.
- In the Moderns the top 4 of Quinn, Proctor, Gill and Manuell are all very close. Quinn had a 45 second advantage to move further out but there was a change at 3rd when Manuell went 11 seconds faster than Gill.
