- The **hot news** is that the Clerk of the Course has given **Richard Mason** (in the Stace Hopper WRX) approval to remove their car for service. I am told it's for an engine change. Brilliant performance by Mason in what is a very good car, lots of power and wider track, it's no ordinary WRX.
- Missed out from this morning's report is the fact that the damage to the left hand rear of **Garth McGregor's** Torana XU1 belongs to son Adrian !
- Also **Bradley Cockerill** in the 00 car, shhhh secret ... he ran out of petrol !!
- Also **Leigh Hopper's** gearbox niggles was a linkage problem.
- **Clark Proctor** who went off on SS2 has had a couple of handling issues and at those speeds it's not worth any risk. Coupled with a noisy differential, he has withdrawn.
- The **Giddy brothers** have to repair a cracked exhaust.
- **Brent Emerson** who had overheating issues in SS2 blew a radiator hose and was stranded in SS6.
- Black Magic Television has footage of the **Wayne Cochrane** VW Beetle pulling a wheelie off the line at SS6.
- The **Mark Whyte** in the Toyota Altezza arrived at tonight's Finish line on the trailer - that's all I know.
- **Alan Raynor's** Evo 6 RS has a 'pre-loved' gearbox being fitted right now.
- The **Mike Moros** BMW E30 has sat on the Village Green all afternoon, with the engine head off, awaiting a new gasket.
- The **Dobbe brothers**, who I reported this afternoon as missing, have withdrawn. The mechanical problem was a seal between the turbo and the water. It's a 4-5 hour job to sort so they are spectating.
- The **Rob Bray / Paul Burbury** Suzuki Swift threw a fan belt in SS6 and limped home.
- **Grant Rivers**, in his beautiful 1965 Fastback Mustang, was seen in a paddock but he didn't make the hole in the fence. Whoever went through first was low, as the top wire was still there and Rivers roof has the grazes.
- Not far from there was a Commodore that had hit a tree 'between the eyes.' The only missing at the Finish is **Tony Korff's**.
- **Dale Buckley** in the 1967 Corolla clipped a one lane bridge and split his fuel tank.
- The **Bawden's** 1979 MkII Escort arrived at the finish with a nasty misfire.
- **Allan Lewis** in the 240Z Supercharged V8 never returned to Parc Ferme tonight ?
- I caught up with Timing Manager **Gina Fabrello**: "Today was really good, best day I have ever had. The timing crews all did a great job."

- **Ugly**, is the best word for the weather forecast tomorrow – thunderstorms and low temperatures.

ENDS.
