

25th January 2011 Newsletter

Hello Everyone,

Welcome to the first newsletter of the year. The office is back open and up to full speed again after a well earned *summer* break, yeah right! The weather has been more like autumn than summer with the unusual weather patterns, so hope that you have all survived, the flooding, earthquakes and cyclones.

Well where to start. We are still waiting for the official word from MSNZ regarding the new tarmac rally rules, that were approved by the Executive in December, before we can get the supplementary regulations approved. There are a couple of potential changes that everyone needs to be aware of, so please make sure you read them once we have them approved and posted on the website. As mentioned at the 2010 Dunlop Targa Prizegiving, from 2011 Targa NZ events now require all competitors to wear an approved head and neck restraint device. There are a number of options available in the market and we have a number of HANS units that are available to use or lease to own if you do not already own a suitable device. More details are available on our website or call Mandy at the office on 09 2988322 to discuss your needs.

Targa Bambina

This is now less than 7 weeks away, amazing how time flies over the Christmas holiday period. We have about 80 entries already and given that we are going to the Coromandel, we have had to limit the numbers to 100, so if you are not entered and thinking of joining us then please let Mandy know. Remember that the entry fee pricing structure will change on the **15th February for all the Targa NZ events**, so take advantage and get your entries in before the price changes.

That's all for now,
Peter and the Targa Team.
