

5 June 2009

Hi all,

Targa Rotorua

Well, planning for this event is going very well and almost finished. We are really excited and looking forward to catching up with you all in Rotorua, don't forget your winter woollies as it has been rather cool. Keith tells us that it was down to minus seven at Lake Rotoiti this week and he was glad to be back in the warmth of Aucklands minus one degree this morning. The office is abuzz with people, phones and emails! The seeding list is on the webpage tonight so please check and advise if you wish to change. Again, don't need a story, just where you want to be. Speaking of the website, we have also put on the maps, route and speed schedule and itinerary. Don't forget the Hans devices are available, we still have some left. So give Mandy a call at the office, if you're interested.

Please remember to check your competitor pack and ticked off all items on the checklist, including reading the regs and getting your function order form into the office. Numbers are reaching maximum for the function, so please be quick!

The programme for Targa Rotorua will also be published in the Rotorua Daily Post on Friday 12th June if you don't get a chance to download it from the website.

Taupo Endurance Race

All three of our BMWs are in Taupo preparing for the four hour endurance on Saturday and then they will be converted to Targa spec for next week. So watch out for them and give us your feedback.

Dunlop Targa

We have already started receiving interest in an Historic Competition for the Dunlop Targa event, so please keep spreading the word or call me at the office to discuss in more detail. If there is enough support and agreement to a format then we will introduce it this year. What a way to celebrate 15 years of Targa "The Ultimate Road Race".

See you in Rotorua

Regards

Peter and the Targa Team
