- **New to Targa?** Novices must attend the Drivers Briefing, plus additional time after main briefing. Please identify yourself to info@targa.co.nz, Copies of previous event route books are available on request to ensure you are familiar with procedures prior to Drivers Briefing
- This will be a busy evening so please ensure you are well organised and know where you are supposed to be and when!

Parc Ferme

All competition vehicles are required to remain in parc ferme overnight from 17:30 Friday night and from 19:30 Saturday night. There is overnight security.

Supplementary Regulations

Fuel – It was noted at the Bambina event that competitors & service crews need to familiarize themselves with the not so new Code of Practice for Motorsport Fuel – Storage & Handling. This can be found on the MSNZ & Targa NZ websites.

Points to note:

- No open funnels or jugs
- Always have a fire extinguisher handy
- Cars must be turned off whilst refueling
- A drop sheet must be placed under vehicle to catch fuel spills

Drivers & Co-Drivers – Refer to Schedule R, Article 2.4 for clarification on this tender subject. We are currently in discussion with MSNZ to relax the current standing regulations.

Withdrawals – There appears to be misuse of this ruling regarding vehicles wishing to bypass the compulsory parc ferme. As per the Event Supplementary Regulations it is a requirement for every competition vehicle to remain in parc ferme overnight as per the official timings. Permission to remove your vehicle from parc ferme must be obtained via the CRO.

Dunlop Tyres are Mandatory

Any exception to this must be approved in writing by the Event Organiser's NOT Dunlop. (The Targa Tour are exempt).

If you leave your order late and Dunlop cannot supply you may not be permitted to start.

Presentation

Your car must be presented for competition in immaculate condition. Cars not meeting the standards we expect will not be able to start. For instance scruffy paintwork (chipped, dirty, dull or damaged), scruffy wheels and interiors likewise won't be accepted. Sorry gravel chaps - you will have some work to do! Rally type mud-flaps must be removed, however the smaller original mudflaps are acceptable. Cars with flip-up type headlights should purchase **Narva Compac 80** driving lights from Repco or Appco to save the drag, as all headlights must be on whilst in a closed stage. If you are in doubt over car presentation please contact us.

Modifications to Your Car

Please be honest when listing them. If you have changed specifications on your car since the Application to Compete was sent in, please inform the office by email. It is important to have your car at the correct weight. Your minimum race weight is listed on the Competitors Info; Targa Rotorua 2010; Competitor list on our web site.

Prizegiving

It is a condition of entry that all competitors attend the Prizegiving on Sunday evening from 19.00 at the Novotel Lakeside, Rotorua.

Merchandise

It is expressly prohibited to use the Targa New Zealand Logo without our written permission. You may purchase official merchandise pre event through the Targa office. On event, merchandise will be available at Documentation and Prizegiving.

Entry Information & Contact Details

Please take time to log on to your entry & check all details are current & correct
It is very important to us that we have Mobile contact numbers for all competitors & service crew. These numbers are made available to emergency services as required.

Driver / Co-Driver Media Profiles

Please send stories about yourselves and your cars' history by email to media@targa.co.nz or peter@targa.co.nz. Don't be bashful - these will be used.

Trailer Parks

Trailers/large service vehicle trucks cannot be accommodated through all areas of the event therefore some forward thinking on your part will be needed as you may need to bring tools, jacks etc to the car, not the car to the service vehicle. **Only the Official KEA service trailers** can be at the Service stop areas, no others.

Insurance

Your vehicles should have a minimum of third party insurance whilst touring. Please ensure your existing insurance will cover you should a mishap happen whilst you are competing. **Proof of this must be shown at Documentation**

Car Wash

After Saturdays competition there is a compulsory \$5.00 fundraising car wash. Meguiars sponsor the car wash material.

Remember to check our Website for updates: www.targa.co.nz

Trip Meters

Due to the route book highlighting cautions, warnings for hazards i.e. sharp corners, loose metal, crest or big drops with single! through to 3 cautions !!!, it is essential you have a Trip meter to accurately locate each hazard. This is especially important for cautions, which may be added by the safety car at the last moment. Have a look at www.monitrally.com.

Trip Meter / ODO setting: LTSA have a 5km ODO check on the Southern Motorway between Drury and Bombay, heading south.

Accommodation

Please arrange your accommodation via i-SITE NZ, just mention you are part of Targa on making your booking. Our hotel of choice is the Novotel Lakeside, Rotorua.
