## **Presentation**

Your car must be presented for competition in immaculate condition. Cars not meeting the standards we expect will not be able to start. For instance scruffy paintwork (chipped, dirty, dull or damaged), scruffy wheels and interiors likewise won't be accepted. Sorry gravel chaps - you will have some work to do! Rally type mud-flaps must be removed, however the smaller original mudflaps are acceptable. Cars with flip-up type headlights should purchase **Narva Compac 80** driving lights from Repco or Appco to save the drag, as all headlights must be on whilst in a closed stage. If you are in doubt over car presentation please contact us.

## **Modifications to Your Car**

Please be honest when listing them. If you have changed specifications on your car since the Application to Compete was sent in, please inform the office by email. It is important to have your car at the correct weight.

## **Event Lunches / Function form**

There is not an Official function on the Saturday night of June 13<sup>th</sup> as there will be a Show and Shine Street Party at Tutanekai Street and Pukaki Street.. The form for additional lunches and prize giving is included in this document. Please return this form asap, no later than Thursday 4<sup>th</sup> June.

## **Prizegiving**

It is a condition of entry that all competitors attend the final Prizegiving on Sunday night at the Royal Novotel, Rotorua.

Please send stories about yourselves and your cars' histories by email to [media@targa.co.nz](mailto:media@targa.co.nz) or [peter@targa.co.nz](mailto:peter@targa.co.nz) Don't be bashful - these will be used.

Remember to check our Website for updates: [www.targa.co.nz](http://www.targa.co.nz)

### **Trailer Parks**

Trailers/large service vehicle trucks cannot be accommodated through all areas of the event therefore some forward thinking on your part will be needed as you may need to bring tools, jacks etc to the car, not the car to the service vehicle. **Only the Official KEA service trailers** can be at the Service stop areas, no others.

### **Insurance**

Your vehicles should have a minimum of third party insurance whilst touring. Please ensure your existing insurance will cover you should a mishap happen whilst you are competing. **Proof of this must be shown at Documentation**

### **Car Wash**

After Saturday's competition there is a compulsory \$5.00 fundraising car wash. Meguiars sponsor the car wash material.

### **Trip Meters**

Due to the route book highlighting cautions, warnings for hazards i.e. sharp corners, loose metal, crest or big drops with single! through to 3 cautions !!!, it is essential you have a Trip meter to accurately locate each hazard. This is especially important for cautions, which may be added by the safety car at the last moment. Have a look at [www.monitrally.com](http://www.monitrally.com)
