Please be aware that there will be vehicles travelling the stage at speed once the road is closed.

Targa official safety cars with flashing lights and sirens will travel the stage to check for clearance. No "normal" traffic may use the road during the official road closure times

After all the competitors have completed the stage, which may be prior to the approved official road closure time, a Sweep vehicle with flashing lights and "Sweep" on it will re-open the road for normal use and the tape will be removed shortly after.

Arrangements should be made to advise friends who may visit and those making commercial or farming appointments.

PLEASE DO NOT stand or park vehicles on intersections that competitors may have to use as an escape road if they are unable to stop. Always stand in a safe place, supervise your children and listen to the Marshals instructions. Please respect sensible safety rules in case a vehicle leaves the road.

Emergency services have been advised of the closure and safety services including Marshals and an Ambulance Team attend every stage.
