

## VTNZ

VTNZ are proud sponsors of the Targa Safety Vehicles.

VTNZ is New Zealand's largest vehicle inspection company. Offering Warrant of Fitness inspections for motorbikes and cars, Certificate of Fitness inspections for commercial vehicles, Pre-Purchase Inspections when a car is being purchased or sold and check-ups for vehicles between their inspections VTNZ can help you whenever you need to feel safe in your vehicle. With over 80 locations throughout New Zealand, from Kaitaia to Invercargill, VTNZ inspect more vehicles of every size than any other organisation. Renowned for providing thorough, independent safety inspections for all vehicles travelling on New Zealand roads VTNZ are known as the safety experts.

VTNZ became involved with Targa in September 2009 as the sponsor of the Targa Safety Vehicles. Mike Walsh, Chief Executive for VTNZ, knows all about the Targa road race as he has participated in the event himself. "It has always impressed me Targa places such great importance on road safety, for both participants and the people affected on the route the rally takes. With our common theme of ensuring people are safe on New Zealand roads proudly supporting the Targa Safety Vehicles seemed like a great fit for both organisations. As an event that uses New Zealand roads, Targa's focus is naturally linked to VTNZ".

Keep your eye open for the VTNZ/Targa Safety Vehicles – they will ensure that you are safe on the roads during every stage of the Targa rally.
